Bespoke's SAT Spring Intensive is great introductory course for your upcoming SAT exam. Whether you are a Sophomore or a Junior, this review course will teach you math shortcuts to improve your test-taking skills, grammar and essay-writing skills, and vocabulary-building and reading comprehension techniques. It will also cover basic math, grammar, and reading fundamentals in case it's been a while since you have studied certain topics in school. This course includes a full-length SAT that is taken on Friday, 4/23 or 4/30. This is not optional, and we include a full-length test as part of the course so that students can practice the techniques they have been learning in a test-like, proctored environment.

Fee for the 20-hour class (includes all materials): €600 (\$910)

Registration: Please register by April 1st using the enclosed registration form.

Location: ASP, 41 Rue Pasteur, St Cloud

Fee for each 15-hour class (includes all materials): €475 (\$720)

Mock Testing

Bespoke Education is able to give students extremely detailed feedback on their practice SAT tests. Our score reports include a breakdown of every SAT found in the College Board Official Study Guide for the SAT and online at the College Board's Online SAT course. The reports show the difficulty level of each question, performance graphs that detail student performance on each test subsection, and essay comments. For an example of what Bespoke's score reports for SAT mock exams look like, go to this link: http://bespokeeducation.com/mt_score-reports.cfm

We invite you to take advantage of Bespoke's detailed score reporting if you want to take extra mock exams that are not included in Bespoke's courses or if you cannot attend one of the courses. To do this:

1. Send an email to Mock@BespokeEducation.com to request a pdf version of an SAT bubblesheet so you can take your mock exams at home using an official answer sheet.
2. Purchase the College Board's Official Study Guide to the SAT (available at Amazon.com or any bookstore that sticks study aids for entrance exams).
3. OR, purchase the College Board's Online SAT course (which has additional tests that are not found in the Official Study Guide book) by going to this link: <https://satonlinecourse.collegeboard.com/SR/loginAction.do>
4. Take any of the 10 full-length SATs in the Official Study Guide book or any of the exams at the College Board Online course using the bubblesheets we send you for your answers and essay.
5. Scan your bubblesheets and email them to Mock@BespokeEducation.com and within 48 hours you will receive a score report via email that gives you a detailed analysis of the test you took. Make sure when you send your tests that you clearly identify what test you took (e.g. College Board Official Study Guide #3 or Online Course #4, for example).
6. Fees: there is a \$35/test fee for grading mock tests, payable to Bespoke Education, Inc. If you pre-pay a package of 10 graded tests, the fee is \$300.
