Course Description Bespoke’s SAT course improves confidence and test-taking skills by giving students in-depth knowledge of the SAT exam so that they can walk in on Test Day knowing exactly what to expect and do. Small class sizes (limited to 12 students) ensure that participants will receive maximum individual attention.

Classes will cover the content and strategies for all sections of the SAT and will include both Bespoke materials and real, released questions. Each course includes full-length, released SAT sections taken under timed conditions so students can practice in a test-like, proctored environment.

Students should bring calculators. There are breaks during class to get drinks, eat snacks, and stretch.

Mock Testing Students receive one free mock test credit **to be used within two months of the completion of the course**. They take the test at home and send scans of their answer sheets to our office. Within three business days, they will receive a detailed score report and analysis of their performance.
