

JULY 2020 SAT BOOTCAMP - ADVANCED LEVEL -

Part 1: Group course—July 27–31
Part 2: 1 hour of private tutoring

Time 10:00 AM – 1:30 PM

Location Online via Zoom (<https://zoom.us/>)

Student Grades Grades 10 (2^{de}) and 11 (1^{re})

Course Description Bespoke’s **advanced** SAT bootcamp is geared toward students who have already taken the SAT, **who are scoring in the mid-1200s or above**, and who need to raise their scores to be competitive applicants to top-tier universities. In contrast to Bespoke’s intro/intermediate SAT bootcamp, this course includes more extensive practice with real, released SAT questions and focuses on honing critical reading skills, improving knowledge of English grammar and mechanics, and increasing understanding of advanced math content. It is assumed that participants already have a solid grasp of basic test-taking strategies, which allows the instructor to concentrate on helping students successfully navigate the test’s more challenging questions. There are many opportunities for timed practice and review of actual SAT exams. Small class sizes (**minimum of 5; maximum of 10**) ensure that students receive maximum individual attention.

Students should have their calculators handy. There are breaks during class to get drinks, eat snacks, and stretch.

Post-course Guidance After the completion of the course, each student can take advantage of 1 hour of free private tutoring with the instructor. This hour can be used to develop a personalized study plan or to review a mock test.

Mock Testing Students receive one free mock test credit to be used within two months of the completion of the course. Currently, all mock tests are taken at home; students can choose between timing themselves or participating in a remotely proctored session. SAT mock testing normally takes 3.5 hours. Students receive a detailed score report and analysis after each mock test.
