Location	Online via Zoom (https://zoom.us/)
Student Grades	Going into years 12 and 13

Course Description Bespoke’s **intro/intermediate** SAT bootcamp is geared toward students **who have not taken a Bespoke course before and who are in the early to middle stages of SAT preparation**. The objective is to improve overall confidence and test-taking skills by giving students in-depth knowledge of the SAT exam, so they can walk in on Test Day knowing exactly what to do. Small class sizes (**minimum of 5; maximum of 10**) ensure that students receive maximum individual attention.

Classes cover the content and strategies for all sections of the SAT and include both Bespoke materials and real, released questions. Each course includes full-length, released SAT sections taken under timed conditions so students can practice in a test-like, proctored environment.

Students should have their calculators handy. There are breaks during class to get drinks, eat snacks, and stretch.

Post-course Guidance After the completion of the course, each student can take advantage of 1 hour of free private tutoring with the instructor. This hour can be used to develop a personalized study plan or to review a mock test.

Mock Testing Students receive one free mock test credit to be used within two months of the completion of the course. Currently, all mock tests are taken at home; students can choose between timing themselves or participating in a remotely proctored session. SAT mock testing normally takes 3.5 hours. Students receive a detailed score report and analysis after each mock test.
