Course Description Bespoke’s SAT course improves confidence and test-taking skills by giving students in-depth knowledge of the SAT exam, so they can walk in on Test Day knowing exactly what to do. Small class sizes (**minimum of 5; maximum of 12**) ensure that they receive maximum individual attention.

Classes will cover the content and strategies for all sections of the SAT and will include both Bespoke materials and real, released questions. Each course includes full-length, released SAT sections taken under timed conditions so you can practice in a test-like, proctored environment.

Students should have their calculators handy. There are breaks during class to get drinks, eat snacks, and stretch.

Mock Testing Note that mock tests are a required part of this course. Three mock tests are included in the price of the class, although we suggest that students take as many mock tests as possible. Mock tests are administered via an online proctoring session on Sunday at noon. SAT mock testing normally takes about 3–4 hours. Students receive a detailed score report and analysis after each test.
