Hi Sally,

Attached is the score report for the mock SAT you took. You scored 740 (Math) and 740 (Evidence-Based Reading and Writing) - a total combined score of 1480. To clarify your results, we've also included the following:

- ✓ **Report Page:** Here the test is broken down by section (1-4). For each problem, we've listed the correct answer and your response. If your response was correct, you'll see a "+" symbol instead of a letter, and an "O" if the question was omitted. In the 'Student-Produced Responses' sections, you'll see the answers as you gridded them. Correct answers are in the left-hand column, omitted answers in the middle, and incorrect answers on the right.
- ✓ **Analysis Pages:** These pages show your performance by section and subscore for both the 'Evidence-Based Reading and Writing' and 'Math' areas of the test. There is also a page for 'Cross-Test Score' analysis.
